

## **GEOMETRIC PORTRAIT**

1. Using a full-face portrait, trace the main lines of the face [contour lines], not all the detail.
2. Add in the planes with a ruler. [look at examples below]
3. add light to dark washes to areas with ink/coffee/tea/watercolour
4. using a gel pen/vivid or ink and brush, add linear patterns to parts of the face \*close lines look darker
